BRAND ESSENCE

מרווה = sage

The name, the primary color, and the logo direction all point at one thing: a fresh, natural, Tel-Aviv plant. Personality: **young** · **Israeli** · **sustainable** · **Tel-Aviv/coastal** · **fresh, not corporate**.

ONE-LINE ESSENCE

free water that carries your message — a positive, natural, city gimmick.

פרסום שמרווה

"advertising that satisfies / quenches" — the core pun

Logo – primary lockup

Primary — leaf leading (right, RTL reading order). Wordmark set in Rubik Bold, deep sage #5C7A4E. Leaf is the Session-1 Recraft selection (Option 1); pending final vector cleanup in Figma.

On brand-color fill — mark + wordmark reverse to off-white for contrast (WCAG AA rule).

MISUSE — NEVER DO THESE

✗ Stretch or squash the lockup

✗ Recolor the leaf outside the palette

✗ Re-typeset מרווה in another font

✗ Place on a busy or low-contrast background

✗ Add drop shadows or outlines

✗ Crowd it — respect ½ leaf-width clear space

IDENTITY

Typography

HEADINGS / WORDMARK — RUBIK 700

מרווה Rubik

Light · Regular · Medium · **Bold** · ExtraBold — geometric, modern, strong Hebrew

BODY / UI — ASSISTANT 400 / 600

מרווה מייצרת מים מינרליים שהתווית שלהם היא שטח הפרסום שלכם — Assistant Regular

Regular · SemiBold · Bold — clean, made for Hebrew, legible at small sizes

Both are free on [Google Fonts](#), cleared for commercial + web use. Fallback stack: 'Rubik', 'Assistant', 'Segoe UI', system-ui, sans-serif. RTL is not optional — set `dir="rtl" / lang="he"` on the site root and verify every layout mirrors correctly.

Voice & tone

Do	Don't
המותג שלכם, ביד של כולם	!!!פרסום מטורף במחיר הכי זול
נקודות חלוקה בחופים ובטיילת ת"א	חשיפה בכל מקום בארץ (vague)
הרקע ואזור עיצוב מוגדר הם שלכם	הכל על התווית שלכם (over-promise)

מרווה היא דרך חדשה לפרסם: במקום באנר שגוללים מעליו, המותג שלכם מגיע ליד של אנשים אמיתיים – על בקבוק מים מינרליים קר שאנחנו מחלקים בחינם בחופים, בטיילת של תל אביב, באירועים ובבתי עסק. הרקע של התווית ואזור עיצוב מוגדר הם שלכם – לוגו, סלוגן, קופון או ברקוד הנחה.

APPLICATIONS

Label constraints & artboards

Built directly from Neria's real supplier print files (Mei Eden 210×42mm, Ein Gedi 214×41mm) — exact dimensions and every mandatory content item confirmed. **Correction from an earlier draft:** the real files show mandatory content spanning nearly the full label, not just "the right third." This mockup proposes a wholly custom label layout per client (same physical spec + mandatory content, freely arranged) rather than fitting a logo into leftover space.

Open item: confirm with Neria whether this custom-layout assumption is correct, and whether Ein Gedi (which adds a full Arabic declaration block) is in scope alongside Mei Eden.

STATUS

What's done vs. open

DONE	Voice & messaging spec
DONE	Logo usage rules (clear space, min size, misuse)
DONE	Wordmark (מרווה, Rubik Bold) — verified correct rendering
DONE	Label artboards — built from real Mei Eden / Ein Gedi supplier files
PENDING	Final vector cleanup of the Recraft leaf (needs Figma — currently rate-limited)
PENDING	Confirm custom-label-layout assumption with Neria
PENDING	True bottle application mockup (curved label wrap — needs a real mockup tool)
PENDING	Icon/pattern system beyond the leaf mark

This is a v0.2 working draft — not the final production brand book. Swap in the Figma-finalized lockup and a real bottle mockup before treating this as reproducible-by-strangers final.
